## Phantom by DJI Technology

As noted on DJI's web-page, in the 7 months since the first Phantom was granted an FAA Section 333 exemption, 71% of all new Section 333 exemptions were issued to DJI quadcopters. This granted exemption to FAA Rules allows unmanned drones to be flown for commercial use out of the operator's line-of-site. For non-commercial 'hobbyist' use, it can be flown regardless of exemption petition, simply by registering the unit with the FAA. The Phantoms are easy to fly and inexpensive, too. As little as \$400 for a V.2 with a 2.7k HD camera. This makes them ubiquitous and popular.

The bottom line is this. If you're in range of a live drone with a camera, regardless if it's being used for commercial, law enforcement, journalistic, or even artistic purposes, there is a high probability it's a Phantom.

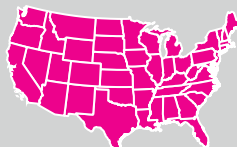

### What's this about?

Surveillance Drone Action Figures are fully customizable 3D models of surveillance vehicles currently in service across the continental United States. The aim is to promote awareness of, and dialogue about, emerging surveillance techniques.

### Participate.

Participants are encouraged to design or customize their drones with personal reactions, inserting opinions and stories into the models. The customized action figures will feature in a surveillance based art exhibit at the University City Science Center's Esther Klein Gallery in Philadelphia.

### In use at these locations.

## PHANTOM

by DJI TECHNOLOGY

WEIGHT: 3 Lbs

DIAGONAL SIZE: 0' - 14"

MAX ASCENT SPEED: 14 mph

CRUISE SPEED: 45 mph

FLYING TIME: 28 mins

PRICE: V.2 USD \$399.00 Base Package

PRICE: V.4 USD \$1,399.00 Base Package

ABOVE: DJI PHANTOM 4 AND RELATED ACCESSORIES ARE GIVEN PRIME RETAIL SPACE AT THE APPLE STORE.
